Parent and Caregiver Guide

Reading aloud with your child has many benefits. It expands vocabulary, sparks discussion, and promotes an emotional bond. Research shows that children who have books read aloud to them have improved language skills, leading to greater school success.

I Read! You Read! books offer a fun and easy way to read with your child. Follow these guidelines.

Before Reading

- Look at the front and back covers. Discuss personal experiences that relate to the topic.
- Read the Words to Know on page 3. Talk about what the words mean.
- If the book will be challenging or unfamiliar to your child, read it aloud by yourself the first time. Then, invite your child to participate in a second reading.

During Reading

Have your child read the words beside this symbol. This text has been carefully matched to the reading and grade levels shown on the cover.

- You read the words beside this symbol.
- Stop often to discuss what you are reading and to make sure your child understands.
- If your child struggles with decoding a word, help them sound it out. If it is still a challenge, say the word for your child and have them repeat it after you.
- To find the meaning of a word, look for clues in the surrounding words and pictures.

After Reading

- Praise your child's efforts. Notice how they have grown as a reader.
- Ask and answer questions about the book.
- Discuss what your child learned and what they liked or didn't like about the book.

Most importantly, let your child know that reading is fun and worthwhile. Keep reading together as your child's skills and confidence grow.
